

BRAINBUILDERS
STEM EDUCATION

ENGINEERING WITH **LEGO!**

Mabel Paine Elementary

CATAPULTS! Join us as we build and learn about catapults virtually! In this live Zoom class, students will learn concepts such as levers, force, energy and more. They will put their knowledge to the test and build different catapults and see how far they can launch objects across the room! A LEGO kit with all the pieces necessary are included in this class!

Days: Tuesdays, Grades K-5th

Dates: 10/6, 10/13, 10/20, 10/27, 11/3, 11/10

Time: 3:30 - 4:30 **Cost:** \$115

Zoom link information will be sent out by the teacher prior to class.

FREE LEGO SET INCLUDED!

**Delivery or pick up details to come!*
